

## Registration Opens For PubCon London, July 4, 2009

Austin, Texas, April 22, 2009 -- PubCon London registration has opened for its networking event at the Citte of Yorke pub, London, July 4, 2009.

Internet and search engine marketers will meet and discuss the latest hot news topics, current challenges, technologies and developments, and have the opportunity to network in an informal environment at PubCon London 2009. Such events are high productivity networking sessions for webmasters and for businesses seeking practical Internet and search marketing solutions.

Brett Tabke, PubCon founder and show organizer, said, "I'm looking forward to London, at the Citte of Yorke pub, and the opportunity to meet UK and European Internet marketers. These highly productive networking opportunities draw attendees that would not attend conference-only type events."

Registration for PubCon London is now open at <http://www.pubcon.com>

The Cittie of York offers Pubcon delegates an insight into London's history. Behind the nineteenth century facade, at the end of a passageway, there's a huge room of church-like proportions, which features a gantry above the long bar supporting massive 1000-gallon wine casks. This is the main networking arena providing ample opportunity to mingle, to meet and to do business. There are also mini-booths allowing for small group meetings.

### About PubCon
